Email: cctc@alfalfaseedab.com

The Cocoon Testing Centre will be open from October 30, 2017 to April 06, 2018.

Hours are 9:00a.m.-12:00 & 1:00 -3:00p.m Mon-Thur & Friday 9:00-1:00 p.m

Sample Bags are still available to all producers (free of charge) please call/ email the lab and we can send them out or if your in Alberta you can get them at the Fall/Winter Alfalfa Seed Commission meeting, or by stopping at the lab.

**PRICE INCREASE**

X-Ray Analysis: live count, parasites, machine damage, Chalkbrood, etc.  
\$71.43 + \$3.57 (GST) = \$75.00

Sex Ratio: includes an x-ray analysis & female count, **Allow 6-8 week**  
(Samples must be sent in by March 2/18)  
\$142.86+ \$7.14 (GST) = \$150.00

**RUSH SAMPLES- No longer accepted.**

VERY IMPORTANT: All samples are done on a 1<sup>st</sup> come 1<sup>st</sup> serve basis

CALL AND BOOK YOUR SAMPLE IN 403-362-0453. By calling ahead to the lab and letting us know your samples are on the way and how many your sending, your name on the list the day of the phone call and not when they get here.

- Please include payment (Cheque only) with samples along with phone #, Email address and sample bags reference numbers.
- Cheques made payable to "Canadian Cocoon Testing Center" or CCTC

The procedure will be as follows:

- Fill the Cocoon Testing lab sample bags to "Fill Line" (about 3 cups) with a well-mixed batch of bees.
- All samples must be marked with the type of test wanting to be done.
- Samples will not be processed until payment is received.
- All samples requiring sex ratio tests must be received before **March 2/18**.
- Sex ratio tests cannot be done separately; an x-ray must be done before a sex ratio test can be completed.
- Results will be sent by Email, unless otherwise requested or email is unavailable.
