

## GM Report October 2019

- Phone Conference meeting with Shari Smith regarding our operations in conjunction with Marketing Council. Also spoke with Reuben regarding the Marketing Council regulations and said we had no concerns.
- ASCA Regulations went before Marketing Council last week and I didn't hear anything from Reuben so I'm assuming this means they passed that step. If so they will be read by legislation in November and hopefully passed and renewed by early December.
- CRA spoke with Carrie @ Bevan and it was actually only 1 of the projects so far that has passed with their approval. The rest are still being worked on
- Paid Danika's invoice \$30,000
